"And The Electric Chair"

Visit "[And The Electric Chair](#)" on MotoLyrics.com

the temperature of the body is a popular topic
the thermostat on her body reads sun passion
their chemistry is a symptom of a slow death
and electricity is the weapon they have chosen

her wires carry the wrong information
and he's tired of the heavy transmission
they require
those crazy fanged killers
'cause they're about to retire to love
and the electric chair
love and the electric chair

the ambulance at her house is unusual and clean
the parents they want surgery on your sick dreams
their jealousy is a photo of a cold death
and electricity is the weapon they have chosen

her wires carry the wrong information
and he's tired of the heavy transmission
they require
those crazy fanged killers
'cause they're about to retire to love
and the electric chair
love and the electric chair
