I will crawl through your grief  
I will cry 'til I drown  
Cut a path through your dark  
'Til I'm lost and you're found

Turn your black into gray  
I won't hurt when I bleed  
I'll give up my desire  
'Til you get what you need

Ask me I'll be there whenever you fall  
To do anything, everything, nothing at all  
I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go  
Or make me give up  
'Cause I love you that much and I will  
It'll kill me but I will

I'll never say that I know how you feel  
But I know in your heart that those demons are real  
So don't push me out and I won't pull you in  
But I won't let you loose, you'll let love win

Ask me I'll be there whenever you fall  
To do anything, everything, nothing at all  
I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go  
Or make me give up  
'Cause I love you that much and I will  
It'll kill me but I will

Baby, I will

If you can just look past your fear  
You'll see me standing right here

Ask me I'll be there whenever you fall  
To do anything, everything, nothing at all

I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go  
Or make me give up  
'Cause I love you that much and I will  
It'll kill me but I will

Baby, I will  
Baby, I will  
Baby, I will
