(Na na na na, na na na na, he he hey, goodbye)

(Goodbye)

[ VERSE 1: Everlast ]

Goodbye, it's over, it's through and done

Our relationship is no longer one on one

So I quit, girl, I don't need this

I'm disgraced cause in my face you spit

I caught you steppin out with another guy

And after givin you my love I deserve to know why

How long has this been going on?

How long have you been doin me wrong?

You thought I didn't know?

You thought I'd never go?

Well, that's why I'm makin this song

To say goodbye

(Na na, na na na na, he he hey, goodbye)

(Na na na na, na na na na, he he hey, goodbye)

[ VERSE 2: Everlast ]

Pack your bags and leave, get out of my sight

I won't share you with another man on any night

You tried to play me for a fool

But now you'll find that you been schooled

By the E and it's plain to see

You thought you had luck like a four-leaf clover

Your luck just ran out, homegirl, it's over

I hope you had a lot a fun

Were you lyin when you said that I was number one?

Well, I guess it doesn't matter

It makes no difference

I caught you with a smokin gun

Or so to speak, girl, you're a natural sneak

And the hand you dealt me was really weak

But that's alright, you won't see me cryin

I brush a girl off when I catch her lyin

So when I toss you out, don't dare ask why

Don't try to return with a tear in your eye

It's just my way of sayin - goodbye

(Na na, na na na na, he he hey, goodbye)

(Na na na na, na na na na, he he hey, goodbye)

[ VERSE 3: Everlast ]

Using me, confusing me, inside you're bruising me

You think I'll stick around so you keep abusing me?

Wise up girl, I ain't playin

You try to make it better sayin let's hit the hay and

Make love, then I'll know that you're loyal

But I can't take the stress, don't need the turmoil

You told me that you love me but it was a lie

You know that I care but I must say goodbye

Who is it you're thinkin about when we're kissin?

And when we're all alone is it him that you're missin?

I couldn't stand the feelin that I got

When I seen another man standin in my spot

Next to you, so what you want me to do?

Forget about it act like it never happened?

Turn the other cheek and wait to get slapped again?

Or until you say when, you're through with me

But you will see I'll be the first one to say goodb-y-e

So when I toss you out don't dare ask why

It's just my way of sayin - goodbye

(Na na, na na na na, he he hey, goodbye)

(Na na na na, na na na na, he he hey, goodbye)

[ VERSE 4: Everlast ]

I must admit it, you hid it well

Did you get your kicks puttin me through hell?

Runnin around with your new found child

He's not a man, he can't get wild

But that's alright, girl, you made your choice

And maybe by now you're sick of my voice

But it's too bad cause you made me mad

And I'ma show you all the things that you mighta had

Then you'll be the one feelin pain and misery

Regrettin the past (goodbye) cause you're history

So when I toss you out don't dare ask why

Don't tug at my sleeve as I walk by

Don't try to return with a tear in your eye

It's just my way of sayin - goodbye

(Na na, na na na na, he he hey, goodbye)

(Na na na na, na na na na, he he hey, goodbye)
