This is the start of the new age  
as we rise up  
follow your ways  
won't be silent  
This is your history in the making  
In everyone of our live

Verse:  
Can you feel the earth is trembeling  
Cause redemption time is here  
And the atmosphere is changing  
As we're shaking of our fear

Prechorus:  
Let us lose our inhibitions  
some chords -- i'll finish it later  
Let us rise and take a stand  
For the one who is our savior  
some chords -- i'll finish it later  
For the only king of men

Chorus:  
This is the start of the new age  
as we rise up  
follow your ways  
won't be silent  
This is your history in the making  
Right before our eyes

This is the start of the new age  
as we rise up  
follow your ways  
won't be silent  
This is your history in the making  
In everyone of our live

Verse:  
Every heart will be returning  
Every eye will finally see  
That the one who came to serve us  
Is the one who sets us free

Let us,

Chorus

May our words be loud but our actions even louder  
May our hearts be filled with love to give away  
May we live our lives to please you every hour  
We are yours, lord, take our lives and have your way

Chorus
