Ahh...  
I know that you love me  
Ahh...  
I'll be there when you need me  
You are the one who stood by my side  
When all my so called friends tried to mess with my life  
and  
They tried to bring my dreams to an end  
But when they try to knock me down I get up again  
No they see me as a star on the screen  
But they're not the same now as they use to be  
I don't know what they want from me  
I don't care, ah ha that's the way it's gotta be, yeah

Chorus:  
I don't need anyone  
To tell me I'm wrong, I know that you love me  
I don't care what they say  
You were there from the start  
I'll be there when you need me

So why do they always have something to say  
I don't know, I guess they think they understand me  
Why do they think they can treat me this way  
It's my life, they don't control me, no  
You are the one who always believed  
When I tried to be myself, they would laugh at me  
But they don't understand the way that I feel  
You were the only one, who ever knew me for real  
Now they see me as a star on the screen  
But they're not the same now as they use to be  
I don't know what they want from me  
I don't care ah ha, that's the way it's got to be yeah

I don't need anyone  
To tell me I'm wrong, I know that you love me  
I don't care what they say  
You were there from the start  
I'll be there when you need me

So why do they always have something to say

I don't know, I guess they think they understand me  
Why do they think they can treat me this way  
I don't want to see them 'cause I can't believe them  
They were not the ones who were there for me  
When I needed them  
I don't understand what they want from me  
I don't care, ah ha, that's the way it's got to be

I don't need anyone  
To tell me that I am wrong, I know that you love me  
I don't care what they say  
You were there from the start  
I'll be there when you need me

(Chorus)

So why do they always have something to say  
I don't know, I guess they think they understand me  
Why do they think they can treat me this way
