What's on da bottom of your soda?
What's on the da second page of a book?
What's inside your heart, why don't you take a look!

Enjoy these simple pleasures often hard to find,
just take a minute off your life, if you don't mind.

How many boardgames are there?
How many celebrities to want to be?
How many game pieces in Monopoly, why don't you just
go and see!

Take some time now,
and you might know how,
to live your life simple & free,
that's how it ought to be!
