Baby doll blues eyes, with light golden hair
Baby doll blues eyes, don't give me that air
Baby doll blues eyes, bluer than blue skies
Please be mine

Baby doll blues eyes, each time that we meet
Baby doll blues eyes, my heart skips a beat
Baby doll blues eyes, I thrill with your sighs
Say you're mine

When you're gone, life seems so lonely
Sunshine turn to misty rain
When you're near, I see you only
And the sunshine's bright again

Baby doll blues eyes, with small turned up nose
Baby doll blues eyes, I don't care who knows
Baby doll blues eyes, bluer than blue skies
Please be mine

When you're gone, life seems so lonely
Sunshine turn to misty rain
When you're near, I see you only
And the sunshine's bright again

Baby doll blues eyes, with small turned up nose
Baby doll blues eyes, I don't care who knows
Baby doll blues eyes, bluer than blue skies
Please be mine
