wake me up, I'm about to give it up.
hey hurry up, latley it's been hard enough.
try to shut me up, when you now you should wish me
luck.
and you could beat me up, I'm heading for the top.

hit me hard. hit right between the eyes.
wanna see the stars. hit me, hit me! x2

wanna nice surprice. a dress thats black and tight.
wanna see the lights, it takes me through the night.
you beat me black and blue, but I can see through you.
you know it's up to you and I can't belive it's true.

hit me hard. hit right between the eyes.
wanna see the stars. hit me, hit me! x2

hit me! hit me hard! x2

hit me hard. hit right between the eyes.
wanna see the stars, hit me, hit me HARDER!!!
