Rocking off the top of my head
You got everything you asked for
Waiting for your next confession
To knock me right to the ground

I could really use a place to go where no one looks or
stares
Getting tired of always talking about the things you
want to say
I can't hear myself with your hands on my ears but you
don't care
But you don't care

I can be a tiger
I can be a fighter
I can be ecstatic
I can be erratic
I can be a rebel
But I'm never gonna be anyone but me

Three weeks and I can't compound with the one that's
on your mind
You got all the talking down but I read between your
lines

Don't want to be the part of my home town if my heart
is in the way
I've got to trade it with my happiness to make sure I can
stay
Now I can't hear myself with your hands covering my
ears
I can't fake it, won't you get me out of here

I can be a dreamer
I can be a kill joy
I can be a sweetheart
I can be a nightmare
I can be a rebel
But I'm never gonna be anyone but me

Three weeks and I can't compound with the one that's

on your mind
You got all the talking done but I read between your
lines

I can be a lover
I can be an angel
I can be a sad girl
I can be a mad girl
I can be a rebel
I can be a jester
I can be a fire
I can be a liar

I never wanna be anyone but me

Three weeks and I can't compound with the one that's
on your mind
Got all the talking down but I read between your lines
