Why don't you just crawl back to your private zone  
And do what you gotta do  
Just leave the rest of us alone  
'Cause we've had more than enough of you  
Please shut the door as you leave  
Outside it's windy

You come here each day to drown your dignity  
Do what you gotta do, you gotta do it  
Your burning throat wants company  
But I'm not even talking to you  
Make sure you shut the door as you leave  
Outside it's windy

I won't come along  
No, I'm fine alone  
I won't come along  
No, I'm fine alone

Without your touching me, talking to me,  
Buying me drinks when I can have them for free

It seems like the harder I beat you the harder you hit  
And you've used every move  
For some reason you're, you're just loving it  
But I'm standing here close to hating you  
If you could just shut your eyes, your mouth, your jeans  
Outside it's windy

I won't come along  
No, I'm fine alone  
I won't come along  
No, I'm fine alone

I'm trying to find out why you'd misread my "no"  
Do I really need to be rude and violent just to make you  
go  
Rejection is what you're looking for  
In order to find someone other than yourself to torture  
you  
I suggest suicide

It's windy tonight
