I've been kissing every boy in town
'Cause I figured that's one way to make the spring
come around
I know that they just wanna kiss me 'cause I'm pretty
That's why I've been kissing every boy

I've been doing every guy in town
Till he was inside out and not ashamed to cry
Going down on his knees hoping he won't have to say
"Please, put me in your mouth"

Are you gonna turn your back on me now
'Cause the pretty girl is suddenly not so pretty

Oh no, don't you dare
Believe me I've already been there
I'm no worse than everyone else here
But you probably don't care

I've been killing every man in town
And they got what they deserved for letting me down
What I did wrong was not doing what I did
It was being what I am

Are you gonna turn your back on me now
'Cause the pretty girl is suddenly not so pretty

Oh no, don't you dare
'Cause believe me I've already been there
I'm no worse than everyone else here
But you probably don't care

Don't you dare
'Cause believe me I've already been there
I'm no worse than everyone else here
But you probably don't care

I got lost every single time
But I swear that this pretty girl won't cry

Oh no, don't you dare

'Cause believe me I've already been there
I'm no worse than everyone else here

No, no, don't you dare
'Cause believe me I've already been there
I'm no worse than everyone else here
But you probably don't care

Don't you dare
'Cause believe me I've already been there
I'm no worse than everyone else here
But you don't care

Don't you dare
'Cause believe me I've already been there
I'm no worse than everyone else here
But you probably don't care
