Face to face in the kitchen  
The twilight is on and the chessmen are lined up  
Every sound has gone to bed  
I guess they were tired  
There is cash on the table  
The queens carry knives but the bishops won't give up  
Then he smirks at her and says  
"Good luck"

Don't think you'll get away easily  
There are moves in this game that you haven't yet seen  
Dirty tricks in the dark with no witnesses  
Don't laugh until you're sure you've won  
And don't forget to have a screwed up image of fun  
Black and white's just a lie, everything is grey  
Ain't that right?

He's a lawyer gone greedy  
The love of his life is the money that she pays  
Watch his knuckles turn white when she says  
"Checkmate"

Don't think you'll get away easily  
There are moves in this game that you haven't yet seen  
Dirty tricks in the dark with no witnesses  
Don't laugh until you're sure you've won  
And don't forget to have a screwed up image of fun  
Black and white's just a lie, everything is grey  
Ain't that right?
