Trick my senses,
Call my name.
Question whatever but never
Expect me to be the same again.
I could never, I would never
After having it all
And all without loosing or gaining anything.
Crazy but its true
Stuck in a dream
A dream with you

This is so fake
Wish it was real
Tomorrow I'll awake
And there I'll Feel...

FIRE BURNS
So do your eyes
You'll hear me scream
I hear your cries
Lets take this landslide
That you call life
Make it a dream
Before it dies
(x2)

I should have know that it all would
Come to an end
I'll never get to know you
Know you more then a friend
Its only a dream they say
But you haven't happened to them
So I guess its goodbye I'll miss you
Maybe I'll see you again

This is so fake
Wish it was real
Tomorrow I'll awake
And there I'll feel...

FIRE BURNS

So do your eyes
You'll hear me scream
I hear your cries
Lets take this landslide
That you call life
Make it a dream
Before it dies
(x2)

I want to escape but each glance calls my name
To stay here with you.
I want to escape but each glance calls my name
I want to escape but I can't when with you...
YOU!!

Can't face this on my own
Can't face this on my
Can't face this all alone
Can't face this all
Alone...
Alone...
Alone...

Oh Archetype...
