One...  
Two...  
Three...  
Here we go!

I had it, I lost it  
I realized my mistake  
No man is perfect,  
And now everything's at stake  
It's like I never understood  
What you ment to me  
Until I lost everything I had  
And now I'm questioning my sanity

And this drives me mad...  
This drives me mad becasue...

I had it, and lost it  
My mind is being tormented  
Screaming on the inside  
Screams won't get heard on the outside  
I had it, but lost you  
My pride has swarmed me into  
A state of emptiness  
A state that I can not confess to you

All of my actions, have been because of you  
No reason for me to find the truth  
Maybe I don't understand this  
Maybe I never will  
But anything you ever ment to me

Will go back in the end  
Back in the end because...

I had it, and lost it  
My mind is being tormented  
Screaming on the inside  
Screams won't get heard on the outside  
I had it, but lost you  
My pride has swarmed me into

A state of emptiness  
A state that I can not confess to you...

I had it, and lost it  
My mind is being tormented  
Screaming on the inside  
Screams won't get heard on the outside  
I had it, but lost you  
My pride has swarmed me into  
A state of emptiness  
A state that I can not confess to you...
