'cause I'll sing you to sleep when we're under the stars
because where we are, no it's not, no it's not that far

your hands are freezing now, that is my pickup line
so put your hands in mine, you look so cold.
i hope that you're warm now, the fire is said to burn
so look at my heart, my love is burning.
you keep it simple now, you don't rush anything
regrets are too hard, so let's take it slow
so turn the music down, no we don't need that
just listen to me i will sing to you

i will sing you to sleep
when you're under the stars
because where we are
no it's not, it's not that far....far tonight
you know it's not that far
you know it's not far, yeah
you know it's not that far

what do you mean to me? oh you mean everything
so when i'm late next time, please don't worry
i will be missing you, when i am not by you
and i can't wait, to hold my angel
please say that you love me, i hate it when you lie
don't close your eyes right now, 'cause you'll miss out
the sun is setting now, so give your cares to me
please look in my eyes, you trust me, and you know...

i will sing you to sleep when we're under the stars
because where we are, no it's not that
no it's not that far
and i'll sing you to sleep when we're under the stars
because where we, we are, no it's not, no it's not that
far

let, you go, i won't let you go
let, you go, i won't let you go
let, you go, i won't let you go
let, you go, i won't let you go
let, you go, i won't let you go

run away, run away, run away with me...
run away, run away, run away with me...
run away, run away, run away with me...
run away, run away, run away with me...

run away, run away, run away with me...
