A bunch of dead flowers, kept in a vase
And its all that remind me of you
Why do I keep them, well might you ask
They're all that remind me of you
Two separate people, two separate ways
And I hope they may pass again
Withered and dead like, your love for me
And they're all that remind me of you

Once fresh and green now no, honey for the bee
They're all that remind me of you

A bunch of dead flowers kept in a vase
And they're all that remind me of you
Why do I keep them, well might you ask
They're all that remind me of you

They're all that remind me of you
They're all that remind me of you
