I'm gonna take it upon myself
To be with you and love no one else
Cause your my girl and I'm your man
So come on over life just began
But then comes...

Dooby dooby dadada do you love her?
Dooby dooby dadada do you love her?
Dooby dooby dadada do you love her?
Do do dad I don't know if I love her

I'm gonna take it upon myself
To be with her and with no one else
Cause she's my girl and I'm her man
Oh come over life just began
So then comes...

Dooby dooby dadada do you love her?
Dooby dooby dadada do you love her?
Dooby dooby dadada do you love her?
Wo-oh, do you love her?

Do you love, do you do you love
Do you love, do you do you love

...

Do you love her?
Do you love her?
Do you love, do you, do you, do you love
Oh do you love her?
