Say whatever you want, i, i'll never judge you  
be whoever you want me to be oh you know i just don't

Care, you know i just dont care  
cus im always where i need to be  
And i always thought i would end up with you eventually

Do Do Do Do Do Do Do Do  
Do Do Do Do Do Do Do Do

Be whoever comes naturally to you, oh ill take you any  
where  
Say whatever comes into your head you know i just  
dont

Care, you know i just dont care  
cus im always where i need to be  
and i always thought i would end up with you eventually

Do Do Do Do Do Do Do Do  
Do Do Do Do Do Do Do Do

Care, you know i just dont care  
care, you know i just dont care  
cus im always where i need to be

And i always thought i would end up with you eventually

Do Do Do Do Do Do Do Do  
Do Do Do Do Do Do Do Do  
Do Do Do Do Do Do Do Do  
Do Do Do Do Do Do Do Do
