Waiting for the bus and you I know that I'm addicted
To smoking cigarettes every time I finish school.
Suddenly you pop into my brain and I know
I know I am addicted to you.

Tell me, tell me baby do you wanna smoke a cigarette
with me (do you wanna come along with me)
If you do then I'll never, never, never be lonely (Said
you gotta come along with me)
We'll have something to do to pass the time while we
wait for the time to pass.

You and me smoking cigarettes in love and addiction.
