Take my hand like you did that night  
Don't say anything  
I'm not afraid to be at this height  
Not afraid of anything

Your heartbeat gave me, gave me shock treatment  
And I can't keep it a secret  
You stole my heart, so now I'm gonna still your kiss.

I wanna be kissed by you, because then my heart wont  
be blue  
Don't you know my love is so strong  
By my side is where you belong.

Take my hand like you did that night  
Don't say any, anything  
I'm not afraid to be at this height  
Not afraid of anything

Your heartbeat gave me, gave me shock treatment  
And I can't keep it a secret  
You stole my heart, so now I'm gonna still your kiss.

I wanna be kissed by you, because then my heart wont  
be blue  
Don't you know my love is so strong  
By my side is where you belong.

You got my insides excited and I cannot fight it  
I'm dreaming just of you, when he walks smart he hits  
the mark  
Outta 10 he's 22.
