Get down on your knees and feed the illusion
Get down on your knees and prolong the delusion
Superstition is the religion of the feeble mind
Liberty and justice, the illusions of mankind

A dogmatic expression in every direction
There is no redemption in divine intervention
The world is a disease that cannot be cured
The truth is a voice that cannot be heard

Jihad, the twisted hands of faith
Jihad, in the name of hate
Jihad, the twisted hands of faith
Jihad, in the name of hate

Hate is the solution to life's evolution
Love is a high that you cannot sustain
For each age is a dream that is dying
And freedom is a whore that we love to adore

Jihad, to be touched by hands of God
Jihad, to be touched by hands of God

Hate is the solution to life's evolution
Love is a high that you cannot sustain
For each age is a dream that is dying
And freedom is a whore that we love to adore

Jihad, to be touched by hands of God
Jihad, to be touched by hands of God

A dogmatic expression in every direction
There is no redemption in divine intervention
The world is a disease that cannot be cured
The truth is a voice that cannot be heard
