"You say it's solid poetry

It's what you want to see

Some sensuality

When you cry, I just can't prove you wrong

No I just play along

I guess it turns you onâ€¦

The games we play

The shows we give

The hearts we break

We live through thisâ€¦

The games we play

Do right, it's getting critical

Are we too cynicalâ€¦

Could use a miracleâ€¦

The games we play

The shows we give

My heart you break

I live through thisâ€¦ the games we play

The games we play

The rules we make

Like secret codes, we can't escape

The games we playâ€¦
You say there really is no doubt
We just can't do withoutâ€¦
The games we play
The shows we give
The hearts we break
We live through this
The games we play
The rules we bend
With lovers lust, we will defend
The games we playâ€¦
You say it's solid poetry
