I'm so scared that the way that I feel is written all over
my face
When you walk into the room I wanna find a hiding
place.
We used to laugh, we used to hug, the way that old
friends do.
But now a smile and a touch of your hand just makes
me come unglued.
It's such a contradiction
Do I lie or tell the truth?
Is it fact or fiction?
Oh, the way I feel for you.

It's so complicated
I'm so frustrated,
I wanna hold you close, I wanna push you away,
I wanna make you go, I wanna make you stay.
Should I say it?
Should I tell you how I feel?
Oh, I want you to know, but then again I don't,
It's so complicated.

Just when I think I'm under control, I think I finally got a
grip,
Another friend tells me that my name is always on your
lips.
They say I'm more than just a friend, they say I must be
blind.
Well, I admit that I've seen you watch me from the
corner of your eye.
Oh, it's so confusing,
I wish you'd just confess.
But think of what I'd be losing,
If your answer wasn't yes.

It's so complicated
I'm so frustrated,
I wanna hold you close, I wanna push you away,
I wanna make you go, I wanna make you stay.
Should I say it?
Should I tell you how I feel?

Oh, I want you to know, but then again I don't,
It's so complicated.

I hate it
Cause I've waited so long for someone like you.
What do I do?

Should I say it?
Should I tell you how I feel?
Oh, I want you to know, but then again I don't.
It's so complicated.

It's so complicated.
It's so complicated
