One, Two... One, Two, Three, Four

He was the walking picture  
Intoxicating mixture  
Of everything I dreamed love could be.  
He held my fascination,  
I had no hesitation  
He brought unknown emotions out of me.  
Oh I can be so gullible, always believing the  
impossible.

It was hypnotizing,  
it was mesmerizing.  
I was taken in right from the very start,  
Now I stand amazed,  
kinda like im in a daze, feeling sorry for my poor  
disillusioned heart.

A slight miscalculation, some over expectation.  
I lose perspective every now and then.  
Guess it was bound to happen  
someday I'll look back laughing.  
But I just need a little time to mend.  
Oh I put him on my pedestal  
I was so naive it was incredible.

It was hypnotizing,  
it was mesmerizing.  
I was taken in right from the very start,  
Now I stand amazed,  
kinda like im in a daze, feeling sorry for my poor  
disillusioned heart.  
(repeat two times
