I'm through playin' it safe  
It's time I laid it on the line  
Wanna dance out on the edges  
Get a little reckless in my mind  
Cause even a heart that's locked away, can find a way  
to break  
I won't hide it now, I'm through making that mistake

Chorus:  
One fall, thats all  
I don't know who it's gonna be  
Out there, somewhere  
Someone is waiting just for me  
No pain, no gain  
There's not a chance that I won't take  
Cause love is always worth the ache

Love's like a Vegas wheel  
You've got to spin to win the prize  
But it's a gamble worth the taking  
You say a prayer and then you roll the dice  
They say it's hard to beat the odds,  
I say it's harder not to try  
I will play the game,  
Do what it takes to get it right

(Chorus)

They say it's better to have loved and lost  
Than to have never loved at all

(Chorus)
