(V1)

Standing in line at Burger King  
My hunger's growing and my stomach's rumbling  
The queue's as long as you can see  
This big guy pushes in  
Then turns and laughs at me  
My temperature rises as I clench my fist  
I can feel my knickers as they're starting to twist  
My brain is scheming revenge somehow  
Should I smash his head in now

(CH)

I'm not gonna throw it all away to please today  
Cos I've seen your schemes before  
But I choose to walk along the pathway that I know  
Will lead me to my goal

(V3)

It's getting late the party's through  
We've had a good time now  
It's time to say too-roo  
My best friend's left to catch some zzz's  
His girlfriend stayed and now she's  
Making eyes at me  
I suddenly realise that we're all alone  
My mind is saying that I should go home  
She slides in closer on the big settee  
Is this really where I want to be

(BRIDGE)

(It's just passing like the wind)  
You say to me, I live for the moment  
You say take all you can today  
I don't want to live just for the moment  
There is a better way  
And every day we see this generation  
Throw their lives away  
It's like we bow down to temptation  
And let it have its way  
Where are our dreams and where is God  
Can anybody see  
I'm not ashamed to say

I chase the plans He has for me
