V1

When we first met I have to say
You made me smile
And something about you
is just sparkling inside
and that's no lie

V2

When I'm with you
I want to let you know
what I can see
There's a colour that only you can show
and that to me, is so easy to see

CH

You gotta know it, It's a wonderful day
In every way, and I hope you can see
That where you go it's, Just a wonderful day
in every way, You are precious to me

V3

Do you know that you make me feel this way
Since I met you
Even when we're apart
I think about the things you do
And that's the truth
