Finally I realized you took advantage of my love  
My heart was twisted and my hands were tied  
Nothing left to be proud of

Suddenly it dawned on me  
So much better than before

I heard the knock of opportunity  
As you were walking out my door

There's so much more, more, more, more  
More to me, more more more

Chorus

Give me back my life and my self-esteem  
I'll shake off all the mess that you've made of me  
I'm looking for the love that'll set me free now  
I want more more more,  
there's so much more, more more more  
More to me, more more more

I was scked into temptation  
I was forced to soothe your needs

I watched my solid ground while it was taken  
Right from underneath my feet

Had enough of humble habits  
Had enough of all the threats

I got a chance and now I'm gonna grab it  
Got to prove to you that there's

More to me, more more more  
more to me, more more more

Chorus

Give me back my life and my self-esteem  
I'll shake off all the mess that you've made of me  
I'm looking for the love that'll set me free now  
I want more more more

There's so much more, more more more  
More to me, more more more

instrumental break

Chorus
