Ahh.. now I be drillin MC's
when my lyrics spill like Valdez, oil
Bubble and toil, the brew without the bitches
I'm wicked as the witches
Hittin hard as switches
Once again, Ms. Big Britches
Uhh, uhh, I'm puttin my weight down
Who's gonna take DOWN, one hundred seventy-five,
POWWWW
Break a sucker down to dust, ah-hah
Do what I must *inhale* ooh what a rush
Now hush, someone's callin my name (RAAAAAGE!)
The only girl to knock you out the frame
Call me Mrs. Butter-cause-I'm-worth it, I work shit
overtime, definitely blow your mind
when the instruments become mental (I what?)
I flow through the dental frame, cock back and take
aim
All you cavity creeps, the baddest to be
Start static with me, it's definite catastrophe on MC's
Sheeeyit, Super Supreme
When it's time to let off steam, I'm a microphone fiend

'phone fiend, Super Supreme, Afro Queen

Ahh..

Now.. I..

Breaks them down to their very last compound

when I come stompin on the ground

My territory, I mark it

like dogs pissin on trees, umm, don't piss me off
because

(why?) I might go off baby

Flow from the larynx

Take a puff and blow MC's like clarinets

I ride beats like a Yama'

Cause more drama than your baby's momma, PAUSE
like comma, HAH

Right in your face it's, live and direct, the

lyrical murderer, you best +Protect Ya Neck+

You can Inspectah Deck over the hills

I don't fake Jacks, I'm not yo' everyday Jill

My, Shadz of Lingo, got more flavor than Pringles

I, shoot the gift, more swifter than Kris Kringle

You talk about, gettin with me, miss me

cause you'll be left misty blue

shit your drawers, piss em too, HEYYYYY

Suckers get dumped in my dungeon

MC's hard as tress, but I'ma play Paul Bunyan

Chop chop, like an axe, my vocals stickin like
thumbtacks

Ha hah hah, don't try to mock me cause my voice is on
wax

It's, fireproof and that's the God's honest truth

Hard as a brick (*UTFO sample*) "Bite it!" and it'll
break your tooth

or teeth chief, and that's the end of the beef, chew it

Cause I don't see a damn thing that you can do with it

Sheeyit, Super Supreme

When it's time to let off steam, I'm a microphone fiend

'phone fiend, Super Supreme hah, Afro Queen

Ahh.. definitely rough..

Now I gets sick like chlamydia from here to Syria

Drip burnin lyrics like venereal diseases

Strategic procedures (done at the what) done at the
leisure

More +Flavor+ than Khadeija, inject you with my
anaesthesia

Break them down to one cell like an amoeba

ARRI-VAH.. merci, you crab MC's irk me (ungule vato)
but

I'm known as a heavyweight, my grandmother

told me to clean everything off my plate when I ate, so I

Crunch'n'Munch, on you suckers out to lunch

Definitely hittin em with the hardness

that'll leave em all punch drunk, uh-huh

I'm rated top choice

with a grip on the mic like Royce Gracy

Ultimate champion, stand +Alone+ like +Acey+

Takes me about a sec to catch wreck (so what?)

So you can play like Rex and go fetch cause I'm too high tech

So once again (UHHHH!) let's break it down to the nitty

You used to be the shit, but now you're just plain SHITTY

Hah, now, I leave you, with a mouth full of lumps

like the mumps, never play me like chumps; +Punk+

Hah, +Jump Up to Get Beat Down+, see now

Lyrical murderer, still R-A-G now, E now, sheeyit
