Put on another face
They always take the place
Of all the things that you have become

Your incivility is nothing new to me
It's always something that made you what you

(Are) You're dead inside
(Dead) You killed your pride
(Kill) I won't believe
(Me) And no one cares
(Please) Your insecurity
(Just) The failure that it breeds
(Kill) And all your misery
(Me) Is coming back to me

Save yourself the pain
And go away
For the rest of my life
Bury you today
I separate
For the rest of my life
Life!

You give me countless light
And hope I simplify
You hit my only nerve
And that is all it took

Separate from you
Let it go, you let it go
Evolution
Thrown away, you're thrown away, you're gone

(Please) I'm done with you
(Just) Don't follow through
(Kill) I won't be mad
(Me) Cause you don't care
(Please) The way you're suffering
(Just) It's all the same to me
(Kill) Degradability

(Me) You carry all the time

Save yourself the pain
And go away
For the rest of my life
Bury you today
I separate
For the rest of my life

Rest of my life!
Rest of my life!
Rest of my life!

Your dillusion
Claim confusion
Easier to pass the blame on
All your hatred
Seemed so wasted
You're the one who's dead inside me

You're fucking dead to me
You're fucking dead to me
You're fucking dead to me
You're fucking dead to me

You're fucking dead to me
You're fucking dead to me
You're fucking dead to me
You're fucking dead

You're fucking dead to me
You're fucking dead to me
You're fucking dead to me
You're fucking
You're fucking dead!
