Undo this guilt  
Bathing in filth

Grey - That lurks inside of me  
Grey - Feel I can't take it  
Grey - That works inside of me  
Grey

Slowly I run  
hurt me for fun

Grey - That lurks inside of me  
Grey - Feel I can't take it  
Grey - That works inside of me  
Grey

See (See) is all I say - All I see is grey  
See (See) is all I say - All I see is grey

Grey...All I see is grey  
Grey...All I see is grey

Undo this guilt  
Bathing in filth

Grey - That lurks inside of me  
Grey - Feel I can't take it  
Grey - That works inside of me  
Grey

See (See) is all I say - All I see is grey  
See (See) is all I say - All I see is grey  
See (See) is all I say - All I see is grey  
See (See) is all I say - All I see is grey

All I see is grey  
All I see is grey  
All I see is grey  
All I see is grey
