Well I feel that all this becomes this waste that we call
life
And it's real yet I hate all the things that I've become

Why the smiles become a waste of time
I get this empty feeling that's only becoming my friend
This is gone
I'm home
As only you can see
I want to know why is this happening to me

Still you try but at times like this I can't believe your lies
And I feel that the same is happening to you so

Why the smiles become a waste of time again
I get this empty feeling that's only becoming my friend
This is gone
I'm home
As only you can see
I want to know why is this happening to me
All myself and it's still becoming
All myself and it's still becoming
All myself and it's still becoming
All myself and it's still becoming

I fall asleep
Inside my head
Because frustrations all that's left
I can't afford
To work this out
Because frustrations all I...

Still we try but at times like this they won't believe our
lies
And we know why all of this is happening

Why the smiles become a waste of time
I get this empty feeling that's only becoming my friend
This is gone
I'm home
As only you can see

I want to know why is this happening to me

All myself and it's still becoming
All myself and it's still becoming
All myself and it's still becoming
All myself and it's still becoming
