I've reached this point
With fear my only fuel
I found my faith
With nothing, nothing to do

Run from you
You're binding me in sin
You've got to

I drowned my left side
With lies I see as real
I push what doesn't move
I keep forgetting what is real

Run from you
You're binding me in sin
You've got to run
I keep on running from you
Keep on fighting
Keep on fighting me, come on
Keep on fighting me, come on

Slipper
Whore...You fucking whore
Slipper
Whore...You fucking whore
Slipper
Whore...You fucking whore

I've reached this point with fear my only fuel
You got it
You got it
You got it
You got it
You got it

Run from you
You're binding me in sin
You've got to run
I keep on running from you
Keep on fighting

Keep on fighting me, come on
Keep on fighting me, come on

Slipper
Whore...You fucking whore
Slipper
Whore...You fucking whore
Slipper
Whore...You fucking whore
Whore...You fucking whore
Whore...You fucking whore
Whore...You fucking whore
