Motherfuck the way you think  
You never made sense anyway  
Building up to tear it down  
You're co-dependent on apathy

By design you fucking sterilize  
So you desensitize  
Make it easier to swallow  
Self-involved  
You fucking took it all  
Who's gonna take the fall  
'Cause it's never gonna be the same  
Change!

Don't wanna see, don't wanna think  
Don't wanna speak for yourself  
Don't wanna see, don't wanna think  
Don't wanna speak for yourself

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows

Repetition paves the way  
All for you to weaken and sedate  
So contrived and watered down  
A fucking shadow of what should have been

Isolate so you can separate  
And fucking terminate  
To diffuse the situation  
Force on me a common enemy  
With no identity  
Now it's showing your perception too  
Too!

Don't wanna see, don't wanna think

Don't wanna speak for yourself  
Don't wanna see, don't wanna think  
Don't wanna speak for yourself

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows  
Go!

You will never see  
You will never see  
You will never see  
You will never see

Don't want to see  
Don't want to see and it shows  
Don't want to think  
Don't want to think and it shows  
Don't want to speak (It's like a fucking disease and it shows)  
Don't want to speak and it shows  
Don't want to speak (It's like a fucking disease and it shows)  
Don't want to speak and it shows

Don't wanna see, don't wanna think  
Don't wanna speak for yourself  
Don't wanna see, don't wanna think  
Don't wanna speak for yourself

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows (It shows)

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows (It shows)

It's like a fucking disease

It's like a fucking disease  
It's like a fucking disease and it shows (It shows)

It's like a fucking disease  
It's like a fucking disease  
It's like a fucking disease and it shows (It shows)
