### "Violent mood swingsq"

Visit "[Violent mood swingsq](#)" on [MotoLyrics.com](#)

motherfuck the way you think  
you never made sense anyway  
building up to tearing down  
you thought of pickin on empathy  
blind inside  
you fuckin sterilize  
till you desensitize  
make it easier to swallow  
somebody's fault  
you fuckin took it all  
you better take a fall  
because its never going to be the same

chorus

dont wanna see  
dont wanna think  
dont wanna speak for yourself  
dont wanna see  
dont wanna think  
dont wanna speak for yourself

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows

reputation paid the way (?)  
? are you so that we can hesitate  
so much ? i wanna do  
fuckin sign of what we shouldn't be  
out my way so you can separate  
and fuckin terminate  
to the peaceful situation

what about me your common enemy  
and your integrity  
making sure your perception dies  
dies

chorus

you will never see  
you will never see  
you will never see  
you will never see

dont wanna see  
dont wanna see  
and it shows

dont wanna think  
dont wanna think  
and it shows

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows

dont wanna see  
dont wanna think  
dont wanna speak  
for yourself

dont wanna see  
dont wanna think  
dont wanna speak  
for yourself

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows (it shows)

its like a fucking disease

its like a fucking disease  
its like a fucking disease  
and it shows (it shows)

its like a fucking disease  
its like a fucking disease  
its like a fucking disease  
and it shows (it shows)
