Made my escape just a few days ago  
I don't wanna tell you how low you can go  
Movin' on up get a job quickly  
Somthin hit me I don't know wot it was  
I wanna go back this (week)  
I wanna go back this (week)  
I wanna go back this (minute)

They said I was unruly  
Better get a job  
I really didn't understand the meaning of the word  
I tried to get an understanding with the foreman boss  
He simply put me down and said I wasn't  
(To be trusted)  
So I wanna go back  
I wanna go back  
I wanna go back

I wanna go back to school  
I wanna go back to school  
You might think I'm a crazy fool  
I wanna go back to school  
Man its safer in there  
The world outside is so uncool

I need the money right now, I need the right job  
The guys at work just needle me, they just can't  
get enough  
I telephoned my friend, he said "same with me"  
So wot are we going to do in this unearthly factory  
I don't understand, how I was pushed to the brink

I wanna go back  
I wanna go back  
I wanna go back

I wanna go back to school  
I wanna go back to school  
I wanna go back to school  
Man it's crazy out here in the 'outer' world  
I wanna go back to school

So I'm sitting in the dark  
In my bed the other night  
Thinking about my teacher  
Now wasn't she right  
They said you'd get a shock  
Just like coming out of the womb  
The world outside's enormous  
There's only so much room  
People kick and tear your brain  
Life outside's insane  
I wanna go back "HERE ME NOW"

I really tried to work so hard  
They told me scrub the floor  
They kicked me like a toy  
Nailed me to the door  
I wanna go back to school  
I wanna hear it, hear it  
Hear the golden rule  
I wanna go back to school
