Yes!

What's my name?

CX25

Here comes trouble!

Let's go! Wooh!

Hey Hey Hey

Oh oh ayo oh ayo~

You're seriously a fine one

Who does she think she is? It's funny, she's so snobby

She says I'm plain

I think she's just my type

No way no way

Honestly I've never seen eyes like that, I just keep
falling deeper

I feel woozy just talking with her

Seriously fine, she's seriously shh.

Oh oh ayo oh ayo~

You're seriously a fine one

Break it down

Oh oh ayo oh ayo~

You're seriously a fine one

Ayo, let's tweak it a bit

I like them girls girls x 3 Take my whole heart

I like them girls girls x 3 Take my whole heart

I'm totally outta my mind

Don't know if I'm going left or going right

Throwin punches blindly, wildly

Lemme catch my breath

This coming weekend I gotta make up my mind

Are you gone or are you mine

I gotta gotta gotta know

Oh oh ayo oh ayo~
I can't sleep at night
Oh oh ayo oh ayo~
You're all that fills my mind
I can't stand this, it makes me so mad
My girl doesn't see me as a man
What should I do?
Should I make her jealous?
What do I do?

Ok let's bring it back to 140

I like them girls girls x 3 Take my whole heart
I like them girls girls x 3 Take my whole heart

You've always been with me
Always been on my side
You're the one who always listened
You you you you you you you

Ah! You're driving me crazy!

I like them girls girls x 3 Take my whole heart
I like them girls girls x 3 Take my whole heart
