Oh my darling Jazzable it's a call of a bell
and I have nothing to do
but wait for the slow waitress

If I go far away like a sailor at a sea
just remember what I've told you
Do you want to live or die I confess my blue desire
no answer to be taken my love

Oh my darling Jazzable this world is as we see it
a way out of a broken mirror in a light of a new day

If I go far away like a sailor at a sea
just remember what I've told you
Do you want to live or die I confess my blue desire
no answer to be taken my love

Made up of a mystic clouds
surrounded by a necklace of stars
getting drunk on a Friday night
without a chance to tell you goodbye

If I go far away like a sailor at a sea
just remember what I've told you
Do you want to live or die I confess my blue desire
no answer to be taken my love
