[Speaking]

"But share your fortunes with me, and shall remain as silent as the night"

It was the year 1493 of the common era. Christopher Colombus having colonized several islands in the West Indies and the new world at large, stumbles across a small island with extremely hostile inhabitants. One of the ship's crew, barely alive, reports being captured and nearly eaten by what he describes as only the "Cat People"

Verse 1

Greetings I am know as Jungle cat one,  
Do not fear my appearance remain calm, do not run.  
We come from a planet which orbited two suns,  
Now on earth the era of the Jungle Cat has began.  
My name is Wise Fang, the jungle cat elder.  
Leader of the council, the torn spirit welder,  
When Hip Hop was born i was the first one that held her,  
Left rappers bewitched and cast spells like esmeralda.  
In your planets history man has hunted cats,  
Unwanted raps, now get clawed out and scratched,  
They are no match, with feline rhymes we counteract.  
No man can escape when jungle cats get attached.  
I practice cat magic and make cat nip drinks.  
Despite what science thinks the jungle cats build the sphinx.  
Whack raps get cat naps, more than 20 winks,  
Some cats become extinct like the Great Canadian Lynx.  
Every culture on earth have these cats rendezvous,  
Found in cities like Catalina and Katmandu  
Over the centuries the secret cat tribe grew.  
Heaven help us all when the Jungle cats come through.

Chorus

Every evening when the sun goes down,  
3 strangers meet, on sacred grounds,  
to release the animal that mankind won't allow

take the jungle cat vow  
meow meon

I am the 2nd in command of the jungle cat war  
Part man and part jaguar the em"purr"or  
Special guest appearance on the jungle cat tour  
Before you walk across the stage obey the jungle cat  
law,  
Sure you can ran son but ill tear up your eye.  
I design the weapon for the jungle cat pride (KILLAH)  
Some use words to flatter wisdoms,  
I bring forth cataclisms manifested through cat-like  
mannerisms.

My sound rings, from the four legged ground kings,  
Without announcing, cats remain silent while canines  
are howling.  
My slender frame is made for pouncing.  
I build a catapult that throw MC's from my surrounding.  
And shatter domes, abandon cats with tatted homes  
I use a cat gun to shoot anti-metaphorms.  
I leave my claw marks to indicate my battle zones  
Any human who tests will surely rest in the cat holes  
(Any cat and mouse tricks)  
Can they skin a cat? I doubt this.  
If you try competing you'll get eaten like meow-mix.  
Puurrfect! Back to the control panel, same cat time,  
same cat channel

Who likes the way the jungle cats get down  
Go Meow! Meow!  
Meow meow!  
Who loves emperor take the jungle cat vow  
Go Meow! Meow!  
Meow! Meow!

Earth, breaks, shakes trembles.  
All Jungle cats rise up and assemble.

You dont have to cock you glocks back  
To be radical like the swat cats  
So stop that, ill turn your matchbox into a box match  
My rhymes will make Father Time turn his clocks back.  
You'll look for me like star trek people search for spock  
cat  
Like you dont know how to drop fast  
Over hot tracks or shall we say lounging in my alley way  
like Tom Cat  
Take 2 jungle cats and add one more and you have  
come face to face with  
The great Crazy Claw, open your soul and let the whack

leave you  
Subtract evil and await the return of the cat people  
And fans of all ages, the cubs that we speak to no  
timidness,  
Limitless boundaries we lead to, and keep you laced  
with feline fatter topics  
Jungle cats out no doubt catastrophic.

Chorus repeats...
