Chorus:

It's a brand new feeling, that I never ever had before  
And I'm always amazed at the range of my emotions  
'Cos it's a brand new feeling, gettin' better every  
minute of the day  
And it fits me like a glove and it rocks me like a boat on  
the ocean

Ah who'd've believed it, ah I must be gettin' lazy  
Spendin' so much time with just one girl, Lord this is  
crazy  
But I'm not running anywhere anyhow  
I'm stayin' right here, it'll do for now, 'cos

chorus (2. part: 'good good' instead of 'brand new')

Brand new feeling, brand new brand new feeling

Just look at me smile, it's never happened before  
God this is really strange, let me have some more  
Coconut butter, I pull the curtain aside  
I'm feeling better already, I'm stayin' in tonight

chorus (2. part: 'good good' instead of 'brand new')

Brand new feeling, brand new brand new feeling

I said it fits me like a glove and it rocks me like a boat  
on the ocean  
It's a brand new, it's a brand new, it's a brand new  
feeling
