Stop, my head is playing tricks again, won't it ever stop

Baby, help me listen to my heart and then, take me to  
the top

I'm afraid of love, so afraid of love, and I'm scared to  
make it right

But I know tonight that it's my last chance, my last shot

At real love, and I wanna take it

Last chance, with a slow dance in the big time, and I  
wanna make it

Tonight you're gonna show me what love is and why

Between the sweatin' 'n' lovin' and the whisper and the  
cry

I'm so tired of all this shit that I feel, show me  
something real

Chorus:

Carry me away, baby carry me away

I'm in love with you tonight, feels so right

Carry me away, come on carry me away, I wanna be  
with you, what can I do?

You've got the power, you got the love

To take me to heaven or to leave me to heartbreak

I spent my life waitin' for the future and livin' in the past

Baby, show me love that I can hold on to, give me  
something that'll last

I'm a total wreck, but I'm up to my neck

In this love I'm in, and I can't do a thing

It's a long shot, a far cry from a real world, me and you  
baby

Last chance at the slow dance, in the bright lights, and  
I think that maybe

Tonight it's gonna happen, no need of tryin'

Between the sweatin' 'n' lovin' and the whisper and the  
cry

I'm so scared of all this feeling I feel, show me  
something real

chorus

(Solo)

You got the power, you got the love

To take me to heaven or to leave me to heartbreak

chorus
