Well I'm sick of hangin' out on the street every
Saturday night with the boys

Yes and even though the radio's big big we crack it just
to Illinois

Yeah we talk about the girls, girls, girls and we talk,
talk, talk all night

Sure we're all Romeo's and Casanova's, but we can't
seem to get it right

It seems they're makin' it harder and harder

While everybody else is doin' well

I get confused by their bodies like I'm tangled in their
curls

How do you talk to girls, how do you talk to girls

What's a poor boy to do, tell me how do you talk to girls

How do you talk to girls

I see this girl on a day right away, I'm tryin' to think of
something to say

Well I think I'll have one more drink, I'll be ready to
make my play

But this guy moves in and he talks to her, and she nods
her head

Well I used to missin' out on the girls, but I wanna know
what he said

It seems they're makin' it harder and harder

While everybody else is doin' well

I get confused by their bodies like I'm tangled in their curls

How do you talk to girls, how do you talk to girls

What's a poor boy to do, I'm tangled up in their curls

How do you talk to girls, how do you talk to girls

Out of wisdom and out of pearls, tell me how do you talk to girls

Am I stupid or misunderstood, I'd say some flatter if I only could

We're only ten feet apart, but it feels like a world

How do you talk to girls, how do you talk to girls

Out of wisdom and out of pearls, tell me how do you talk to girls

How do you talk to girls

What's a poor boy to do, I'm tangled up in their curls

How do you talk to girls, how do you talk to girls

Out of wisdom and out of pearls, tell me how do you talk to girls

How do you talk to girls?
