Chorus:

Just gotta sing to make the whole world ring

Just gotta sing to take your mind of the worry

Just gotta sing to make the whole world ring

Just gotta sing to take your mind of the hurry

Oh, I tell you it's easy, oh so light and easy

If you're feeling low, open up the door

chorus

Oh, you know all about it, yeah, why do you doubt it

If you're a little down, open up the door

Da da da da... (just gotta sing, whoa, just gotta sing,
whoa)

(Solo) - open up the door

chorus

Da da da da... (just gotta sing, whoa, just gotta sing,
whoa)
