"Mother Can You Carry Me"

Visit "[Mother Can You Carry Me](#)" on MotoLyrics.com

When I was younger than tomorrow, when I was wise as
yesterday

When I could share my brother's sorrow, even then you
went away

When my heart was yours to play with, though yours
was never mine

And when I was there to lay with, even then you had no
time

Chorus:

Mother can you carry me, clear across the sky

Mother can you carry me, show me how to fly, high

(Solo)

Now I am wise as tomorrow, and I am young as
yesterday

Now I have nothing but my sorrow, yesterday,
tomorrow and today

chorus
