Chorus:

La la, see the morning sun shine, shine shine on the  
mountain side

Don't think the grass is always greener on the other  
side

There was a time I felt like you, did not know what to do

Don't worry now, you'll be alright, you're alright, I see,  
see

chorus

Oh, I know how you feel, if you really do

Don't worry now, you'll be alright, hold on tight, you'll  
see, see

chorus - on the other side - solo!
