I feel the big beat, the rock of life

Big beat talk to me, waking up blind with the house on fire

Well I pick up my guitar (I tune up), I look in the mirror

It's like a stranger in my hand (the baby is crying)

There comes a time when the boy must leave (get up),  
and the man has to enter

For the soul to understand (all of the changes)

As if it ain't hard enough this life I'm living in

I was caught with my guard down, when the world  
came knocking

Chorus:

I feel the big beat, the Rock of Life, big beat talk to me -  
hey, whoo

I feel the back beat, the Rock of Life, waking up blind  
with the house on fire

Is it something in my head (look up) or the time of the  
season

Or the little boy in my hands (must be the reason)

Yeah, there's a new meaning in my life (a shake-up)

But there's pain and confusion

And I'm trying to understand (all of the changes)

I've been cut so deep but I can't make it bleed

I was caught with my head in the sand, when the world

came knocking

chorus

(Solo)

It ain't no perfect life, this one I'm living in

And I was caught with my guard down, when the world  
came knocking

chorus repeats 2x
