Starlight, starbright, come out of the dark

Hear me wishing on it, starlight, see me crying at the
moon

Oh, I'm wishing for you, starbright (I'll get ya)

Chorus:

Starlight, starbright, come out of the dark

Starlight, starbright, and into my heart

Every night hear me wish for you, every night hear me
call your name

Oh starlight, it's true (I'll get ya)

chorus

(Solo)

Starlight, starbright, come out of the dark
