Standing at the terminal, I can almost hear the music

Coming from the cold and chilly early night

When we get to the gate, baby, all of the things that  
were said

Will they turn you 'round and bring you back

Will they bring you back, will you come back home 'cos  
you know I'm waiting

Chorus:

The light of love is always on

You know my love's getting stronger and stronger

The light of love is always on, keepin' the night watch

Baby are you lonely, don't talk to strangers

I'm tryin' to tell myself you won't be gone for long

And when we get to the part, baby, where all of the  
tears start to come

Will you turn around, get on the plane that brings you  
back

Will you come back home, 'cos you know I'm waiting

chorus

(Solo)

The light of love is always on

chorus repeats 2x

Keepin' the night watch, keepin' the night watch
