Chorus:

Do you believe, you believe in magic, 'cos I believe, I
believe that I do

Yes I can see, I believe that it's magic
If your mission is magic, your love will shine thru

chorus

If there's one thing that the world needs, it's a magic
singin' song
And I'll teach it to the whole world, and make them sing
along
Love is magic, it's so easy, and it's not hard to do
'Cos everybody wants somebody, to give a little magic
to

chorus

I've seen so many unhappy people, reachin' out in vain
You got the power to shower love like sun or rain
Love is magic, it's so easy, and it's not hard to do
'Cos everybody wants somebody, to give a little magic
to

chorus repeats 2x

If your mission is magic, your love will shine thru
If your mission is magic, your love will shine thru
