My love, I was talking about you with a new friend
And she seemed to understand all my pain, she said
"I'll make you feel alright and we won't talk of money
till the morning light"
And as I rose to leave her she said
"I'm sorry blue, I've got to make my living too", and
then she turned away
Chorus:
Where's all the love they sing about in all those love
songs
Where's all the love they talk about in all those movies
I'd be your fool if only I could find you
Where is the love, where is the love, where is the love
I live in a mirrored resemblance of love affairs
And I miss you more and more, but I go on
Living other people's lives and drifting in and out of
bed with lawyer's wives
And all the time I know just what I'm searching for
'Cause once you led me to the door, but I was turned
away
chorus - I need it now!
chorus
Where is the love, where is the love, where is the love
Where is the love, where is the love, where is the love
